

# **The SEMARC Reminder**

Second edition for June, 2018

This issue of the Reminder goes to press just a few days before Field Day.

## On-air activities

Dave Blume, KDOI RF has done another stellar job organizing for FD. As you will see from attached materials, there are still operating slots available. Please contact Dave if you wish to secure one of the slots for yourself and/or a friend.

Dave could use more help, especially on Saturday for setup and Sunday for take-down. I imagine the gang will gather on Saturday at about 10:00 A. M.

Directions to the site are detailed below:

### **From I 494 from the south**

1. Exit Lake Road
2. Turn left (NW) on Lake Road.
3. Drive back across I 494 to the second lighted intersection (Century Road)
4. Turn left on Century
5. Stay on Century. It will proceed under I 494 at Courtly.
6. Century then goes past Carver Lake, up the hill past Carver Lake Park and curves to the right, when it becomes Carver Ave.
7. Proceed down the hill until Carver Ave passes under I 494
8. When it does, take an immediate right onto Sterling and proceed up the hill to the Ski Club Site

### **From I 494 from the north**

1. Exit Lake road
2. Turn left (NW) on Lake Road to the first lighted intersection (Century Road)
3. Turn left on Century
4. Stay on Century. It will proceed under I 494 at Courtly.
5. Century then goes past Carver Lake, up the hill past Carver Lake Park and curves to the right, when it becomes Carver Ave.
6. Proceed down the hill until Carver Ave passes under I 494
7. When it does, take an immediate right onto Sterling and proceed up the hill to the Ski Club Site

**From the turn onto Century, it is approximately 1.8 miles to the right-hand turn onto Sterling.**

**Latest Operating schedule on next page**

Field Day 2018

SEMARC Operator and logger assignments as of June 18, 2018
