FIRESIDE CHAT

On hold until Fall

The Fireside Chat is held on the first and third Tuesday of the month. They are held at 7:00 p.m. It will be a Webex virtual meeting at:

[https://
richardlroberts.my.webex.com/
meet/rrobert](https://richardlroberts.my.webex.com/meet/rrobert)

The format is open and will be without an agenda or focus. It will be a great opportunity for both new and experienced hams to ask questions and share experiences. Please join us!

SEMARC BOARD MEETING

Our next meeting for the board is September 12th. We plan to have a virtual meeting. Joe Hibberd will send out an email to all members the day before with instructions on how to join in on the meeting.

REGULAR MEMBER MEETING

Our next regular member meeting is September 26th. No program has been planned at this time.

[Cont. on page 3](#)

Hurricane Idalia

The ARRL has received approval from the Federal Communications Commission (FCC) for an emergency waiver to facilitate amateur radio emergency communications for hurricane relief.

[More info at ARRL -](#)

NOTICE: 146.985 Repeater

146.985 Repeater is out of service for repair and users should switch to the 147.18 South with 74.4 tone or 147.18 north with 100 tone **till further notice**. Our Wednesday will be held there.

Dick NØUC

~ 146.985 Update ~

The repeater has been relocated to FS3 (Cottage Grove Fire Station #3) but not installed waiting for paperwork from the city. When spring arrives, snow melts and paperwork catches up with verbal permission, we will install the new repeater antenna.

This will allow us to turn the 146.985 back on for use.

Once on we will plot the new coverage area hopefully returning handheld usability to our group.

Dick NØUC

South East Metro Amateur Radio Club

Dick Roberts, NØUC

1655 - 68th Street West

Inver Grove Heights, MN 55077-2222

651-208-0889 n0uc@comcast.net

MEMBER MEETING PROGRAM SURVEY

The Board is always looking for program ideas for the member meetings. What would you like to see for programs this year? Please send your ideas to **Dick Roberts** n0uc@comcast.net and he will bring your ideas to the Board meeting.

ARES REPORT

Just a reminder that our ARES repeater frequencies are 147.180, PL 74.4 in Newport, or PL 100 in Forest Lake.

INFORMAL CW ROUND-TABLE NET

Every Wednesday evening at 1900 hours on 28.110 MHz

WEDNESDAY NIGHT 2M NET

Our club holds a 2-meter net every Wednesday at 8:00 p.m. It is an informal, but controlled, net on the 146.985 repeater. We are in the need for several alternate Net Control Stations who can fill in when one of the scheduled NCS is not available.

If you are interested, please contact:

Dick Roberts at
n0uc@comcast.net

THE DIGITAL CORNER

Digital Net follows SEMARC net on Wed pm.

Go to www.w1hkj.com for software & help.

Fldigi v. 3.23.09 Flmsg v. 2.0.17
Flamp v. 2.1.03 Flwrap v. 1.3.4
Meet on 146.985 and QSY to 144.950.

Mode is BPSK125. Other modes possible.

Sign up with **N0UC**
n0uc@comcast.net for net bulletins & help.

Stillwater Amateur Radio Association

SARA has graciously welcomed SEMARC members to attend their events, and more...

Tuesday's - 7:00 pm - 8:00 pm Wednesday's - 9:00 pm - 9:30 pm

[Social/Special Meetings](#)

Thursday Evenings: Social and informal "Eyeball QSO"
sessions from 6PM to 8PM

VE Session Report

8 candidates 1-twofer 1-threefer. 18 elements administered. Our last test session at the old Zion building. Next month will be at our new location [St Luke Lutheran Church, 7000 Hinton Ave S, Cottage Grove](#)

See you there ,

Dan..

I am looking for Extra's or soon to be Extra for VE's.

I am not in trouble, but am short of VE's for testing session. We provide all the training. There is an open book test from the ARRL that needs to be taken.

Contact me @ 651-247-2164 or wd0gup@hotmail.com with any questions.

Dan Franz, WD0GUP

VE News

We will be normalizing VE operations as it relates to COVID. For the time being I will still preregister candidates and VE's. That means no walk-ins but we also will not have head count restrictions. I also have incorporated a self-survey and ask anyone that answers yes to any of the questions to call me.

Thanks to all VE's that helped us get through this tough COVID time.

Dan Franz, WD0GUP

Any questions call the club hot line at 651-769-0358 or email wd0gup@hotmail.com.

Planning Calendar

September 12th (T) Board Meeting

September 16th (S) VE Session & B'fast

September 26th (T) Club Meeting

October 10th (T) Board Meeting

October 21st (S) VE Session & B'fast

October 31st (T) Club Meeting

SEMARC VE Sessions

VE exam sessions are held every 3rd Saturday (except December). The next VE session is on September 16th. Exams are held at 9:00 am at [St Luke Lutheran Church Cottage Grove](#). Call 651-769-0358 for information, to register or to arrange for special needs. Information is posted on the webpages also.

FROM YOUR PRESIDENT

Hello SEMARC members. There are a few items I wanted to mention this month. First of all, the Minnesota convention is coming up soon. Please think about attending as SEMARC is one of the sponsoring organizations. Sign up soon as that will help the organizers plan for this event. There are several presentations on the agenda. So come out and meet fellow hams from across Minnesota. The website is mentioned elsewhere in the Telegraph.

Second, please join your fellow club members when we have operating activities. These events are some of the highlights of the year for me. The camaraderie is awesome, and I always learn something. We always have lots of fun and if you don't have equipment, it is a good opportunity to operate as your fellow members are always happy to have you share their equipment. New members especially are welcome to these events. We don't bite you know 😊. Please join us for the POTA event on Saturday, September 16. You'll be glad you did!

Lastly, we still need a vice president to finish up this calendar year. Most of the planning work is already done for this year, so please step up and help. I will be there to help you and so will other board members. This is a chance to give back to the club and new ideas are always welcome. If you have any questions, please contact me or any other board member. Thank you.

Dave Larson, KEØHAL

SEMARC Operating Events – 2023

SEMARC hosts many activities during the year: on-air nets (CW, FM, Digital); meetings, both in person and virtual; special virtual meetings like Fireside Chats; volunteer exams, and, **OPERATING EVENTS!**

Operating events provide chances for club members to meet, practice their operating skills and have fun. Our operating events are also good opportunities for members without stations or who are new to the hobby, to gain lots of experience in a fun atmosphere. In each of the events described below, a club lead is identified, so that everyone knows who to contact to offer their help or find out how to participate.

POTA Activation

Many hams take to state and federal parks to activate the, as part of parks-on-the-air. In the past, we have operated from Mississippi River National Recreation Area and Afton State Park.

The next POTA event will be on Saturday, September 16th at [Spring Lake Park Reserve in Hastings](#), the site of our last POTA. We can only hope for the same good luck with the weather. As noted on the 17th while everyone stood in a circle in the middle of a parking lot; we cannot count on meteorologists to get it right, until the day before...

Club lead is Brian, NOBM

FOXHUNT REDUX !!

Who could imagine such fun? The second foxhunt in the year. The fall hunt is scheduled for October 7 and begins at at 9:00 AM. [St. Luke Lutheran Church, Cottage Grove](#)

Club lead is Dan, WD0GUP

Did you know ...

The SEMARC webpage contains links to **many** websites that are helpful to new hams and experienced ones.

Visit www.semarc.org/P10_UL.htm.

ARRL MINNESOTA STATE CONVENTION

The ARRL Minnesota State Convention is shaping up. The date is October 14, from 0900-1600. See the attached flyer for more information. SEMARC has contributed \$200 in seed money as approved at the July membership meeting. The QR code on the flyer may not be working yet but will soon. (Or click on the image below)

Advance registration \$30 – registration after October 1 is \$40

Winlink Training Net

On April 6, 2022 we began be holding a Winlink training net after our regular Wednesday two meter activity net for persons interested in using the Winlink programs and for ARES members to improve their proficiency in using the tool during emergency communication events. This net will start after completion of the activity and last about an hour.

The net will start on the 147.18 repeater to collect a roster and setup the instructions for the training and practice. We will then move to the MN ARES digital frequency to do the hands on portion of the net. We will be concentrating on point to point communication. Since during most communication emergencies the loss of the internet is very likely the need for P2P is high. During a communications emergency it is all hands on deck so you don't need to be an ARES member to help out. It is easier to learn now than during the emergency. We will be learning how to move traffic via P2P to a local destination or to a gateway station that has internet connectivity. The use of forms and message content is for a different training segment for another time not this net.

Before net time make yourself acquainted with winlink and winlink express. Take time to view the youtube links and install the needed software. We will be using VARA FM during the hands on portion of the nets. The links are provided below. There will be a number of questions that will pop up and we will work through those as the nets go along. As these are training nets hopefully your questions will get answers. As you have heard many times practice make perfection or as us older fellows say "practice helps us remember". If you have questions on ARES send to Joe Hibberd joehibberd11@gmail.com about the net n0uc@comcast.net

CU on the nets, 73

Dick N0UC

★ In addition to the afore mentioned Winlink "active" training nets, there will be "passive" practice nets for participants to continue to learn how to configure their stations, and to practice their skills using the Winlink Express software. You simply send a Winlink message to net control to verify that your system is set up correctly and working. If there is not an active training net after the SEMARC Activity Net, you can assume the passive net will be running. The details needed to check into the passive net are here:

<https://paulkanikula.wixsite.com/home/winlink-net>

Any comments or questions about the passive nets can be sent to KF9CP at paulkanikula@gmail.com or you can put it out on the groups.io for the benefit of everyone.

Hamfests 2023

Additional hamfests can be found on the ARRL hamfests page:

<https://www.arrl.org/hamfests-and-conventions-calendar>

09/16/2023

[Lake Elmo Tail Gate Hamfest](#)

Location: Lake Elmo, MN

Type: ARRL Hammiest

Sponsor: Metro Area Repeater Association

[Learn More](#)

09/23/2023

[Last Chance Tailgate Swap Fest](#)

West Medicine Lake Community Club 1705

Forestview Lane N. Plymouth, MN

Type: ARRL Hamfest

Website: <https://tcfmc.org>

Sponsor: Twin City FM Club

Email: President@tcfmc.org

There are some other Hamfests within 3 - 4 hours from the Twin Cities.

I can list them here if the members would like that.

That info is also on the [ARRL website](#)

~ **Question** - What radius would you like to see here? ~

Membership Meetings

Are held in Cottage Grove

[St Luke Lutheran Church, 7000 Hinton Ave S, Cottage Grove](#)

We meet on the LAST Tuesday of the month at 7:00 p.m. **Except June & December**

Watch for updates and more information in the Sunday Bulletin email message.

New members, especially those who passed one of our VE exam sessions, are encouraged to attend so that we can meet you in person.

We hope to see you there.

(As is our tradition anyone with a birthday in the meeting month is asked to bring cookies or other snack to share.)

New Club Members

New Club members can:

Keep in touch, post amateur related articles, sell amateur related items or asked for help and/or questions of other members.

This is a private network for our member's only and does not allow incoming or outgoing traffic to other networks.

Members will be getting an email requesting them to join and they can opt in or out. This will occur in the first week of November

Dick NØUC

Club Apparel

You have seen some members wearing SEMARC caps, shirts and jackets. If you would like to order one for yourself, visit our website at [ApparelOrderForm.pdf](#) (semarc.org), then contact our order coordinator Dan Franz at wd0gup@hotmail.com. Dan will accept your order and payment, then order the item(s) from our vendor Advanced Sportswear in Newport.

If you have questions, contact **Joe Hibberd** at joehibberd11@gmail.com.

WCARES Activities This Year

Our ARES Unit participates in SEMARC's weekly 8:00 p.m. Wednesday evening 2-meter nets on the 147.180 repeater with a PL tone of 74.4 in Newport and PL tone 100.0 in Forest Lake. We also use this pair of repeaters for our monthly 2-meter net on the third **Wednesday of the month** at 7:00 p.m.

Anyone interested in joining Washington County ARES should contact me at joehibberd11@gmail.com

Joe Hibberd W3QLC
Emergency Coordinator
Washington County ARES

Washington County ARES

Welcome to the Washington County ARES website (ARES Unit 163MN01).... Face-to-face ARES activities are in suspension until further notice due to Covid-19.... Check the two ARES Digital Nets in Minnesota and participate; Info under the **Events tab** gives details... 60 Meter Interoperability exercises scheduled = see events tab and participate with us!!....The 147.180 Repeater is running at the Newport site (PL 74.4) and Forest Lake site(PL 100); we use this repeater for drills and activations. This covers the entire county and is in our WashCoARES Emergency Communications Plan... Support our Amateur Radio Clubs through your participation.

The ARRL, upon the recommendations of Minnesota Section Manager Bill Mitchell AE0EE and Minnesota Section Emergency Coordinator Benton Jackson K0BHJ, has appointed Joe Hibberd W3QLC as the new Emergency Coordinator (EC) for Washington County. Joe will be working with former Washington County EC John Regan KA0HYR for the transition. A meeting of Washington County ARES will be scheduled for the Spring.

Anyone interested in joining Washington County ARES should contact me at joehibberd11@gmail.com.

Joe Hibberd W3QLC

METRO SKYWARN

Metro Skywarn Weekly Radio Check-In

Wednesdays 8:30pm – 8:45pm

Join Metro Skywarn for our weekly amateur radio check-in at **8:30 p.m. every Wednesday** during our active Net Control Station rotation schedule (thru October 16th).

These check-ins will be done on the **146.700- PL 127.3** WCOHC Downtown Minneapolis repeater.

This is your opportunity to **test your equipment** out outside of an active severe weather net. You can also ask the net control operators questions and just say hello!

For Sale

MFJ-1793 80-40-20 VERTICAL ANTENNA

33 ft. tall, end loading, aluminum tubing, handles 1500 Watts PEP, requires guying and radials counterpoises or ground screen. Installation manual and eight (8) radials included.

Sells for \$279 new

Asking \$175
